

SWEET AXE THROWING COMPANY IS

# TAKING AN AXE TO COVID-19

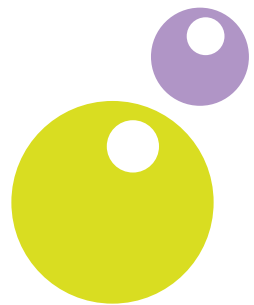

## TIMES HAVE CHANGED AND SO HAVE WE...

We want our guests to know that we are taking the Government's recommendations regarding Covid-19 very seriously for the sake of all Kiwi's health. Due to the lockdown, our doors have closed and will remain so until restrictions lift to Level 2. At Level 2 we will reopen our venues with everyone's health and safety as our main focus, and with extra precautions in place to ensure we are doing all that we can to stop the spread of Covid-19.

Here are some of the changes you can expect so see on your next visit:

### LIMITING GROUP SIZE

Private venue use for groups of 8 or more. By limiting the number of bookings we allow at one time we can ensure that you are not in close contact with anyone outside of your extended bubble.

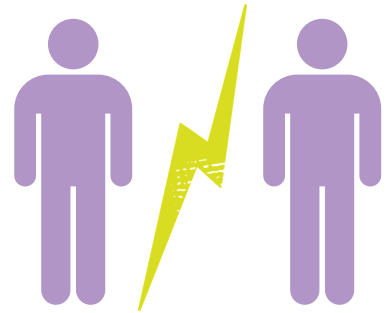

### SUPER SQUEAKY CLEAN

Increased and continual cleaning and disinfecting of all equipment and high contact areas.

### SOCIAL DISTANCING

Implementing social distancing practises in line with the Ministry of Health's recommendations. Our venues have ample space so that we are able to train everyone whilst keeping a safe distance.

### CONTACT TRACING

Collecting contact information for every customer who walks through our door to ensure that contact tracing can be completed if necessary.

### PROTECTIVE MEASURES

Hand sanitiser, disposable gloves, and face masks are available for customers to use if they wish.

### CANCELLATIONS

We'll be encouraging those who feel unwell to stay home. Considerations will be made regarding our cancellation policy and reducing player numbers.

Our staff will receive all of the appropriate training regarding these new policy changes so that our entire team is united in our efforts to give this virus the axe! We trust that these measures will give our customers the peace of mind that the Sweet Axe Family are doing everything we can to keep you safe, and to stop the spread of COVID-19.

We can't wait to see you and the crew down for a throw as soon as it is safe to do so. We're sure that by then we will all be in need of some social interaction and a way to blow off some steam!
